SIZING

At Kellé we know a great fitting costume is important to every dancer. That's why we have combined the latest technology with tried and true pattern expertise to provide you with great fitting costumes. For the best fit, please order using the Kellé size chart below. Select the size that most closely matches your student's measurements. If the measurements fall between sizes it is recommended you order one size up. The girth will be the most important measurement to follow unless you are ordering separates. Please contact our customer relations team with any special sizing questions or concerns.

MEASURING YOUR STUDENTS

- 1. Bust:** With arms relaxed at your sides, measure the fullest part of the bust, keep tape parallel to ground. This will determine your top size.
- 2. Waist:** Measure around the narrowest part of your natural waistline.
- 3. Hips:** Stand with heels together and measure the fullest part of your hips, keep tape parallel to ground. This will determine your skirt, pant and short size.
- 4. Girth:** Place tape measure at center of shoulder, down the front torso, between the legs, up the back and to the same shoulder, hold tape loosely. This will determine your unitard, biketard and leotard size.
- 5. Inseam:** Measure inside of leg from upper leg to floor, hold tape loosely.
